Standalone
Smoke Detector

Model: PTSSSD0F

Outline

Standalone Photoelectric Smoke Detector incorporates advanced sensing technology and is suitable for small applications. The detector is powered by a 9V battery and is housed with internal buzzer to provide audible tone upon activation.

Specification

Product Class	: Standalone
Sensor	: Photoelectric
Power Supply	: 9V Battery
Housing	: ABS
Alarm Output	: RED LED, Alarm Tone
Operating Temperature	: -10°C to +55°C
Operating Humidity	: <95% Non Condensed
